

## Connecting Glencairn: Community Land Access

### Resources for looking at High Focus Habitat and Species

You can view a copy of the **Moniaive Initiative** Glencairn & Moniaive Action Plan (GM) on the website: <https://moniaiveinitiative.org.uk/gmap-2022-2027>

For more information on the **Galloway & South Ayrshire Biosphere** High Focus Habitats and Species, go to 'What we Do / Nature & Wildlife' page on their website:

<https://www.gsabiosphere.org.uk>

where you will also find their Natural Heritage Management Plan.

On the **NatureScot** website, you can search for information on Habitat on the 'Landscapes & Habitats' page, or for species information on the 'Plants, animals & Fungi' page.

<https://www.nature.scot>

The **Scottish Wildlife Trust** website provides a species finder, and has short videos on key habitats and species, including Woodlands and Red Squirrels.

<https://scottishwildlifetrust.org.uk/things-to-do/watch-wildlife-online/take-a-closer-look/>

Report sightings of both red and grey squirrels to **Saving Scotland's Red Squirrels**. View the map of sightings, and access info and advice.

Record your own findings with the **South West Scotland Environmental Information Centre** (SWSEIC) on their website or Facebook page:

<https://swseic.org.uk/wildlife-recording/how-to-make-a-record/>

<https://www.facebook.com/swseic>

Download the **iNaturalist** App to your smartphone to become a citizen scientist:

<https://www.inaturalist.org>

Access flora and fauna identification information, record and share your observations.

Before heading out into the countryside, make sure you are up to date with the **Scottish Outdoor Access Code**. The website gives practical guidance for responsible access:

<https://www.outdooraccess-scotland.scot/>

There is a link to a month-by-month Calendar on the Education page, explaining different land management activities and how they might impact your access.
